Sequences

- Series of items
Sequences

• Series of items
• Strings are sequences (series of characters)
Sequences

- Series of items
- Strings are sequences (series of characters)
- Iterable – something that can be iterated over
Iterating Sequences

foo = 'some string'

# Option 1: using 'indexes'
for i in range(len(foo)):
    c = foo[i]
    print(c)
Iterating Sequences

foo = 'some string'

# Option 1: using 'indexes'
for i in range(len(foo)):
    c = foo[i]
    print(c)

# Option 2: takes advantage of sequences
for c in foo:
    print(c)
