Homework 0
Due Monday, February 3, 2009 at midnight

Write a program that prints the lyrics to your favorite song. Be sure to include at least one comment in the program. Pay attention to formatting using the following codes:

\n line break
\t tab
" double quote
\' single quote
\ backslash

Send the source code for this program as an attachment with a .java extension to your grader at s9000203@cs.nyu.edu. Please specify “Homework 0” followed by your name in the message subject line. For example:

To : Class Account <s9000203@cs.nyu.edu>
Cc :
Attachmnt: HW0.java
Subject : Homework 0: Evan Korth

Also cut and paste the output of your program into the body of the message.

Here is a skeleton program you can use to start (Italics to be replaced by your program name and song lyrics):

public class NameOfMySong
{
    public static void main(String[] args)
    {
        System.out.println("Start the lyrics here");
    }
}
